▲ KITCHEN: Featured is a custom-built shiplap hood and special order custom walnut island.

Overlooking Bonnet Shores Beach, this seaside splendor in Narragansett, R.I. offers comfortable and stylish coastal living. This home was designed to invite the ocean inside with blue hues, layered textures, and eye-catching patterns throughout. The first-floor plan has minimal barriers between the living, dining, and kitchen areas, oriented to take full advantage of the tranquil ocean vista. Expansive windows allow natural light to flood the interior while offering uninterrupted views.

The kitchen balances bold and soft elements, creating a bright and inviting space, ideal for cooking, entertaining, or simply enjoying the view. Rich blue drapery frame the windows and reflect the colors of the rolling tides. Fisher & Paykel appliances and KitchenAid beverage drawers fuse innovation and functionality into the design. Crisp white cabinetry and quartz countertops create an airy and open feel, reminiscent of the beach. The interlocking white-and-blue patterned backsplash pairs with the modern fixtures and traditional cabinetry. A large walnut island centers the kitchen, adds warmth, and offers ample seating. In this beachside home, the mud-room-laundry combination serves as a practical and aesthetically pleasing entryway. The space was designed to handle sandy feet and damp towels, ensuring the main living area remains clean and organized. Built-in cabinets provide convenient storage for beach gear and everyday essentials. Equipping the space with a wash and dryer, along with a countertop for folding, streamlines the process of managing beach towels and swimwear. Incorporating the glass door allows sunlight to illuminate the space, enhancing its warmth and openness. The addition of shiplap walls and blue tones infuse coastal charm into the room.

## CUSTOMER REVIEWS

*"From start to finish all team members were professional and courteous. The work was completed as scheduled and the team members on site were quick, thorough and cleaned the yard. The sales rep's time estimate was exact. The estimate was the exact amount we paid. We highly recommend this team for your construction/repair needs."*

*"David and crew did an amazing job - siding, windows, repairs! The workers were polite and professional, and they completed the project quickly and neatly. The follow-up was great, too. There were some details that needed attention towards the end of the project; David went above and beyond to make sure that we were 100% happy with everything. We plan on having N.E.B.R. do other projects for us."*

*"So happy to find N.E. Building and Restoration, when my roof started leaking. Thanks to wind damage after a bad storm. Dave (the owner) was amazing, reliable, and helpful every step of the way. Once I was ready, Dave's crew was here as promised and replaced my roof in one day. Will definitely be calling them again when I need other work done on my house. I love using local businesses and am so happy I found this one."*

*"I had difficulty getting contractors to my house to perform work that I needed done before listing my house for sale. I went through two separate contractors that made promises that they never met. I made one phone call to Dave at NE Building and Restoration and he came right down, gave me a good price and he had guys on site the following week to do their job! Vinyl siding came out great, even better than I expected and they were done in two days! 5 stars across the board!"*

*"Highly recommend New England Building & Restoration! We received multiple quotes, and are so happy we decided to go with Dave, Kathleen and Steve for our roof replacement in North Attleboro, as they made us the most comfortable. They were all wonderful to work with, answering out many questions - and the job was done on time as promised. They were efficient, cleaned up well after completion - and couldn't believe it was all done in one day especially with the removal of our solar panel which they had with ease. We are very happy with the completed job and highly recommend them to anyone looking for a contractor/roof replacement!"*

# IDEAS TO TRANSFORM YOUR WALK-IN CLOSET

by The Tailored Closet of Foxboro

Most homeowners dream of having a walk-in closet—if you have one in your home, lucky you! But just because you have a large closet doesn't mean it's easy to keep clean and organized. In fact, walk-in closets can feel overwhelming: and more space often means more stuff. At The Tailored Closet, we understand the importance of maximizing every inch of your space while creating a design you love. We have custom closet solutions that can transform your walk-in closet from a space you tolerate to an organizational space of your dreams.

With so many options, it can be hard to know where to start. This list can provide tips and inspiration to get your creative juices flowing and start imagining how beautiful

your walk-in closet could be.

## ***Customized Storage Solutions***

From cabinets to drawers, shelves to hanging rods, by customizing your storage solutions you can get the most out of your closet. You can add glass-inset cabinet doors that add a touch of elegance and provide visibility for what's inside, making it easier to find what you need. Stop staring at the pile of dirty laundry and add hidden storage solutions like pull-out drawers to conceal a hamper so your space looks sleek and organized. With customizable options, you can design drawers that fit seamlessly into your closet layout, maximizing space and functionality.

### ***Room for a Vanity***

If you prefer to get ready all in one space, adding a vanity to your closet means you can go straight from skincare to wardrobe in no time. This dedicated area offers convenience and efficiency, allowing you to streamline your morning routine or indulge in a pampering session at the end of the day. Complete the setup with a well-lit mirror, a plush and comfortable stool, and ample storage for your favorite makeup and accessories, ensuring everything you need is within easy reach for a seamless grooming experience.

### ***Building an Island or Adding an Ottoman***

Make a statement in the center of your walk-in closet with a stylish island or ottoman. Not only do these pieces add visual interest to the space, but they also provide additional storage and functionality. Use the island to display your favorite accessories or add storage options to store bulky items like sweaters and jeans. Opt for an ottoman with hidden storage to keep shoes or handbags out of sight while providing a comfortable spot to sit and put on your shoes.

### ***Maximizing Vertical Space***

When it comes to closet organization, thinking vertically is key. Having a single hanging rod for clothes often means

there is wasted space that could be utilized. You can install shelves or cubbies above hanging rods to store seasonal items or accessories. Add hooks or pegs to the walls for coats, bags, and scarves. Maximize hanging space with tiered hanging rods that multiply hanging space and offer low-level reach for little ones or for clothes that don't need as much space. Display your shoe collection with custom shoe racks, complete with or without protective rails, ensuring your footwear stays organized and accessible.

### ***Customizable Colors and Styles***

Your walk-in closet should reflect your unique personality and taste. While you should absolutely consider practical storage options, having your closet match your style and interiors will make it a space you actually enjoy being in. Change things up by choosing colors, finishes, and hardware options to create a one-of-a-kind closet. Whether you prefer a sleek modern look with simple options or a more traditional aesthetic that embodies elegance, there are plenty of ways to make your closet your own.

- Add gold accents for a glam style
- Go for a wood finish for a natural and elegant feel
- Choose a color that fits your personality
- Add a leather veneer to elevate your closet

### ***Lighting and Mirror Options***

Adding lighting or full-length mirrors are both beautiful and functional ways to spruce up your closet. Illuminate your closet with integrated lighting inside cabinets and over shoe racks, so you can easily see and find what you need. Recessed lighting can help make a subtle but impactful addition to minimalist closets while adding a statement-making chandelier can add some sparkle. By adding floor-to-ceiling mirrors you can make your walk-in closet look even more expansive while also having no trouble checking your outfit from head to toe before you tackle the day.

Ready to turn your walk-in closet dreams into reality? Contact Jason Greenberg at the Tailored Closet of Foxboro today to schedule a free, in-home consultation with one of our expert designers. Let us help you create the walk-in closet of your dreams – a space that's not only functional but also a reflection of your style and personality.

# Upgrade Your Home's Comfort with Confidence

## Invest in Your Home's Comfort and Efficiency Today

### *Invest in Your Home's Comfort & Efficiency Today*

As homeowners, we often think of our house as more than just four walls—it's where our lives unfold, memories are made, and comfort should never be compromised. When it comes to upgrading critical home systems, making informed decisions is vital not just for day-to-day comfort but also for long-term peace of mind. Modern advancements in heating, cooling, plumbing, and electrical systems make it easier than ever to create an efficient, reliable home that works as hard as you do.

### *Upgrade with Energy Efficiency in Mind*

Outdated furnaces, boilers, water heaters, and air conditioners not only fail to meet today's energy standards but also cost homeowners significantly more to operate. Embracing energy-efficient replacements offers a win-win solution: better performance for household needs and savings on utility bills. Heat pumps, high-performance water heaters, and advanced HVAC systems are designed to deliver unparalleled comfort while reducing environmental impact. The best part? Many of these systems come from trusted brands renowned for reliability and innovation.

### *Breaking Down Financial Barriers to Comfort*

For many homeowners, upgrading major systems can be daunting. However, accessibility is improving with programs like 0% interest financing through initiatives such as the Mass Save Heat Loan and private financing through your home services provider. These opportunities ensure that upgrading your home doesn't mean stretching your budget. Additionally, alternative financing solutions help homeowners across income levels embrace efficiency and comfort with less financial strain.

### *Maintenance: A Critical Investment*

System upgrades are only part of the equation. Preventive maintenance is the secret ingredient to ensuring

your investment lasts. Seasonal tune-ups and regular inspections not only optimize system performance but also prevent expensive surprises down the road. Most manufacturers require that the equipment have regular preventative maintenance in order to keep the equipment warranty valid. Maintenance programs that include priority service and exclusive benefits take the stress out of upkeep and help families rest easy, knowing their homes are in good hands.

### *Choose a Partner You Can Trust*

Finding a reliable service provider is key for homeowners in Massachusetts. That's where Papalia Home Services stands out. With over 30 years of experience serving the MetroWest community, Papalia has earned its reputation as a trusted partner in home comfort. Their comprehensive offerings include heating, cooling, plumbing, electrical, and water filtration solutions, all delivered with a personal touch that sets them apart. Brett Perrone's journey into landscaping began with a simple desire to help his neighbors. From a young age, Brett found joy in enhancing the properties around him, always eager to lend a hand. In just eight short years, what began as a one-man oper-

ation in the neighborhood blossomed into one of Central Massachusetts' leading landscaping companies, serving both residential and commercial clients. # THE WELCHMAN REAL ESTATE GROUP

Living Coastal / The Southcoast / The Farm Coast

The seaside regions along the Southcoast in Rhode Island and Massachusetts are some of the most cherished communities for living in New England. The Southcoast and Farm Coast regions comprise nearly 1000 square miles of coastal lands with just about 100,000 residents, there are lots of open and protected spaces to enjoy, with numerous state parks, and thriving farms and vineyards. The communities along Buzzards Bay of Dartmouth and Westport, Massachusetts and Little Compton and Tiverton, Rhode Island are truly special. These coastal communities offer a quality of life that is truly spectacular by all measures in to-

day's market. Ocean access, pristine beaches, wonderful parks and recreation are just the beginning. You will find it all here from historic homes, summer residences, and estate homes and seaside farms. These enclaves for living have become some of the most sought-after places to live along the Eastern Seaboard. With proximity to Boston, Providence, New York, and other northeast metro markets, they have become high-demand locations for living and private real estate investing. They offer a quality of life that is very special with a sense of celebrated living that is hard to find in any market today

## **The Farm Coast**

### **Dartmouth & Westport Massachusetts**

Dartmouth was one of the first areas in southeastern Massachusetts settled nearly 375 years ago. Dartmouth is part of the Farm Coast comprised of historic coastal villages, vineyards, and farmlands and exclusive communities in South Dartmouth of Padanaram, Nonquitt, Russell Mills, Round Hill and Apponagansett Bay. These small coastal community's border Buzzards Bay, with protected harbors and pristine beaches and parks and overlook the Elizabeth Islands. South Dartmouth is rural and primarily residential homes and summer residences.

Westport is a quaint seaside community along Buzzards Bay that borders Rhode Island just to the west. There are five historic "villages" or areas of town known by different names: North Westport, Westport Point, The Central Village, and Acoaxet, /Westport Harbor. The town is mostly residential, with a large farming community and an active artistic community. The Horseneck Beach State Reservation and Gooseberry Neck Island are popular summer destinations for many in the area. Westport has long been a favorite location for summer homes & residences.

## **Rhode Island's Secret Coast**

### **Little Compton & Tiverton**

Living in Little Compton, RI is truly a unique experience. With a population of only about 3,500 people, the community is small and tight knit. Residents enjoy a peaceful, rural atmosphere with plenty of natural beauty to take in.

The town has a traditional New England charm with winding stone walls, expansive farms, and historic estates along the Atlantic Ocean and Sakonnet River. The coastal areas here are stunning, to say the least. It's one of the few places along the entire East Coast that's still relatively unspoiled. Locals work very hard to keep it that way by supporting groups that work to retain the town's rural character.

Tiverton sits along the Sakonnet River basin and is connected to Aquidneck Island and Bristol County, Rhode Island by series of bridges. Tiverton is home to large historic farms spread along the shores of the Sakonnet River. Most of Central Tiverton is located along a granite ridge rising to almost 200 feet from the bay. The bustling small center village area is strewn with marinas, shops, and eateries along the riverfront. Tiverton is a quaint seaside community with gorgeous homes and plenty of open spaces as well. There are homes at every price point and easy access to beaches and waterfront recreation.

# THE OWL'S NEST RESORT COMMUNITY NEW HAMPSHIRE

Four Seasons of Resort Recreation & Living in The White Mountains

*"There are few places anywhere in the Northeast that offer the extensive four-season activities and amenities quite like the Owl's Nest Resort in Thornton, New Hampshire. It has truly become one of New England's favorite resorts for travelers who want to have it all, in every season, in the heart of the beautiful White Mountains National Forest."*

*Timothy Branco, Editor, Northeast Golf Magazine*

Imagine yourself immersed in the quiet hush of the White Mountains, surrounded by immense beauty in every season of the year, with endless amenities and activities at your doorstep, this is truly vacationing and living at its best. The Owl's Nest Resort has been reimaged, recreated, and perfectly planned as a mountain oasis for every season. There are few places anywhere that define the art of vacationing and living better. Simply defined, perfectly located, and all you could imagine.

### ***The Vision of Resort Vacationing & Living***

In 2015, FAM Asset Management acquired the Owl's Nest Resort and began the quest to create a new vision, aiming to establish one of the most impressive resorts in the Northeast. A well-thought-out plan was launched to create one of the most spectacular destinations and was implemented to perfection for every season of the year. In the hospitality sector the team added family nano cottages to their guest homes portfolio, lakeside suites and guest rooms, contemporary residences for larger groups, and the new Lafayette Lodge, with king and queen suites. Lake Harold, the largest man-made lake in New Hampshire became the centerpiece for Waterscapes, a private resort living community at Owl's Nest. The lake side amenities have now grown to include the Lakehouse with 39 rental units, and event space. The Boathouse with a heated Olympic size pool and oversize Jacuzzi,

and lake recreation rentals. There is also a new restaurant and raw bar as well. The resort also now features, four restaurants, wedding and function facilities and an indoor sports bar with golf simulators.

### ***The Owl's Nest New Vineyard Golf Facility***

In 2022 the team continued its expansion of resort facilities with the acquisition of The White Mountain Country Club and the adjacent 10-acre vineyard. A six-million-dollar renovation of the original 18-hole championship design by famed golf course designer, Geoffrey Cornish, along the banks of the Pemigewasset River in Ashland, New Hampshire was recently completed and will be open for play in 2025. The Vineyard Course just 10 minutes from the main resort, adds a new 18-hole course to the Owl's Nest famed Nicklaus Course. In addition, the clubhouse is finalizing a new restaurant, and there are town-

homes being renovated at the Vineyard Course as well for added accommodations. The Vineyard, the largest in New Hampshire, is planning their first wine production in 2026.

### ***About our Four-Season Resort***

The Owl's Nest is truly a full four-season resort, so there is never an off-season here at the Nest. The Owl's Nest is home to 25 racquet courts including 8 clay tennis courts, 13 pickleball courts, and 4 radiant-heated platform tennis courts. The resort's Lake Harold is the largest man-made recreational lake in New Hampshire. Fishing, boating, swimming, paddleboarding, and other watersports are all offered at the facility. In addition, the resort has added a new Olympic-sized pool and Jacuzzi complex adjacent to the Boathouse. It currently features an outdoor swimming pool and jacuzzi, boat rentals, indoor and outdoor showers, radiated-heat decks, locker room facilities, and beach access,

with plans to open a poolside bar and a new seafood restaurant.

The resort's main restaurant, Panorama Six82, is open daily for lunch and dinner, Slice Pizzeria & Sports Bar offers games and golf simulators and Butch's Brooklyn Deli & Provisions provides snacks, supplies, and lighter fare. If you've gone electric with your ride, there are 10 Tesla superchargers at the resort for quick charging. The SportsNest, home of the golf pro shop, now includes a new WellNest Spa & Rejuvenation Center and a new racquet pro shop with a viewing deck overlooking the championship pickleball courts. The spa will provide space for relaxation and replenishment, with IV therapies, state-of-the-art acoustic sound wave therapy and luxurious massages and facials.

### *The Owl's Nest Living Community*

The Owl's Nest master plan organizes the homes around communal out-

door spaces all connected by multi-use trails. At Waterscapes each home is nestled perfectly throughout the resort, giving you spectacular views of the White Mountains. The proximity to the Owl's Nest gives you full access to all the White Mountain's major attractions and tourist areas while living in a quiet private resort community. These new mountain homes offer open floor plans, light-filled homes, designed with luxury features and modern conveniences for perfect four-season mountain living.
