The Nation's #1 Private Residential Country Club Lifestyle

Boca Raton, Florida – In the world of luxurious living, it's the details that set the stage for something extraordinary. At Boca West, the micro-attention to details has become the cornerstone of a simply superb life. Located minutes from the heart of Boca Raton, this acclaimed private club community is a benchmark of continuous innovation and excellence. With 72 holes of championship golf and an ever-expanding choice of amenities, Boca West's commitment to surpassing expectations is stronger than ever. It's an ethos Members value most as they experience a lifestyle that's always evolving and always exceptional.

A 450,000 sq. ft. Wonder

The newly opened Lifestyle & Racquet Center is one of three major clubhouses for Members to choose from. The architectural marvel has nearly doubled the size of the original Clubhouse, setting new standards for private club living. This expansive two-story facility includes a 57-table card room, a sophisticated sports lounge, flexible multipurpose rooms, a spa with 36 hair and nail stations, and a dedicated barber shop. The Fitness Center was also expanded to 20,000 square feet, with five specialized studios for spin, aerobics, Pilates, and core training.

The excitement extends outdoors with the new Aquatics Center, featuring five pools designed to cater to every age and preference. Members are now enjoying a zero-entry family pool, a kids' pool with a splash pad, a lower-level jacuzzi, an adult pool with submerged loungers, and a four-lane lap pool. Meanwhile, foodies have been thrilled by the expanded dining options. Eight on-site venues provide everything from lively poolside bars and full-service restaurants to golf lounges and an artisan food & wine market.

Rolling Fairways, Racquets, and Relaxation

The Lifestyle & Racquet Center is just one facet of what earned Boca West the #13 ranking of Best Clubs in the World by Forbes magazine. Golf enthusiasts have access to four championship courses designed by legends of the game: Arnold Palmer, Jim Fazio, and Pete Dye. Each course is unique in design, with a variety of different playing styles and challenges. Using In-Range radar sensor technology, Mr. D's 19th Hole and Drive Suites offers the first Topgolf-style experience in any U.S. country club, providing a unique and interactive way to refine your swing.

Racquet lovers can enjoy 27 Har-Tru Hydro tennis courts and 14 pickleball courts, buzzing with social events and lessons from USPTA-certified professionals. The on-site spa, inspired by the world's top resorts, features 23 themed treatment rooms, luxurious Roman-style treatment pools, and private areas for quiet-time relaxation. With over 600 social events each year, it's clear why Members always find something new to love and enjoy.

Year-Round Social Calendar

With 8 on-site dining venues, wine tastings, and over 600 special events a year, Members never have to leave home to have the times of their lives. From fine dining alfresco to a grab-and-go café and a variety of themed dinners, plates are always full at Boca West.

Boca West's 55 private villages are celebrated for their lock-and-leave convenience, with year-round maintenance expertly managed by the residential village and the Boca West Master Association. Homes within these neighborhoods cater to every lifestyle, offering golf villas, luxury condominiums, patio homes, and estate residences. Recently, a selection of newly renovated residences has become available, showcasing chic modern interiors, updated flooring, and state-of-the-art appliances.

To preview current listings, visit [BocaWest.com](https://www.bocawest.com) or call Boca West Realty at 561-665-5855.

The 'Best in' Golf & Indoor Golf

This year our fall Northeast Golf issue has taken on a new focus and new editorial direction combining two of our most popular annual themes in one issue. In the past we have covered "The Best in Golf Awards" in our summer editions, allowing our readers to vote for their best in all categories around the game. We have expanded our "Best in Golf" voting to capture a full season of golf and golf travel for our readers and followers. The tabulated results are now in this fall issue as outdoor golf winds down across the Northeast and Canada. As we have done each fall in Northeast Golf, we are also launching our Indoor Golf features for the 2024/2025 Indoor Golf reviews and industry updates. Each year our teams compile comprehensive reviews of all the major players in the golf simulator industries.

In this issue we will cover the leading Indoor golf systems, manufactures, game improvement products, and a host of great Indoor Golf Locations to enjoy the game throughout the fall and winter months. Today we are fortunate to enjoy Indoor Golf facilities at numerous businesses, private clubs and entertainment venues throughout the Northeast and Canada. The technology and science have evolved tremendously, allowing for more realistic play on almost any course, anywhere, and in perfect climate-controlled environments that offer full amenities, teaching facilities, restaurants, sports bars and many membership programs and indoor golf leagues. Private and public courses everywhere are now offering year — round

amenities for their membership to play golf in any season. In addition, many clubs have enhanced their facilities with added amenities including, fitness centers, sports bars, golf training programs and family entertainment.

We have reached a new era in golf, as over one third of all golf played is on non-course facilities with simulators of all kinds added amenities for individuals and large groups. There is no reason to put away the clubs this year or any other year moving forward. Today it is all about Golf 24/7/365 — visit The Golf Show to learn more!

ALWAYS RAISING THE BAR

BOYNE GOLF SHOULD BE ON EVERY AVID GOLFER'S BUCKET LIST

By Mike Bailey

The best and biggest golf resort in America? A good argument could be made that Northern Michigan's BOYNE Golf is among the best, especially with the efforts each year to improve what has already been fantastic.

With ten championship golf courses, the addition of a premier short course and putting course, and annual improvements to the golf, lodging, and restaurants, BOYNE Golf continues to raise its own very high bar year after year from a history now that goes back more than 75 years.

The lineup includes Bay Harbor, often called the "Pebble Beach of the Midwest" because of its breathtaking holes and views off the shores of Lake Michigan. And then there are the courses of The Highlands and Boyne Mountain properties, all unique and characterized by elevation change, incredible views, classic designs, and sterling conditions.

The destination is also known as "America's Summer Golf Capital" for its long days and cool summer temperatures. Golfers can easily fit in 36 holes or more daily, playing well into the evening hours. BOYNE Golf is all about playing some of the best and most intriguing courses across the country.

It all started a half-century ago

Everett Kircher founded Boyne Resorts in 1947 by acquiring 40 acres of land with a modest ski hill for \$1. Since then, it has become the largest family-owned golf and ski company in North America.

In the 1960s, Kircher saw a demand for golf that warranted a championship layout from a renowned architect, which, at the time, was Robert Trent Jones Sr., who created The Heather course. It opened immediately as one of the top public golf courses in the country and would be the beginning of one of the world's premier, world-class golf destinations.

Today, Kircher's vision has been passed on to his son Stephen, an accomplished golfer who continues elevating the BOYNE Golf experience.

Recent significant upgrades to The Highlands

The Highlands, located just north of Petoskey near Harbor

Quarry #8

Springs, is undergoing the most significant transformations on and off the course. The iconic ivy-covered Main Lodge has been transformed into a high-end boutique hotel with a future spa and steakhouse planned. These upscale accommodations are reminiscent of an English country estate with Scottish Highlands charm.

The Highlands' 72 holes of championship golf collectively offer a perfect golf experience. Groups can check into the lodge and never get back into their cars during their stay. It's that good.

A significant part of the resort's golf transformation occurs at the Donald Ross Memorial, built in 1989, a composite recreation of classic golf holes that Ross designed in the early part of the century at some of his most renowned courses.

Working with Michigan-based architect Ray Hearn, a Donald

Ross expert, the BOYNE Golf team is making significant renovations, bringing the holes closer to their original Ross creations.

The Donald Ross Memorial has become a favorite among members and guests even while this project is ongoing. All the holes – including renditions from famous Ross courses such as Oak Hill, Oakland Hills, Pinehurst, Seminole, and Aronimink – have an “authentic” Ross look and feel.

“Our objective with every hole has been to more accurately follow Ross's original designs; we reshaped the fairways, creating additional angles into the greens and improving shot values,” said Bernie Friedrich, Boyne Resort's director of golf course renovation and development. “We are thrilled with how these memorable holes have turned out.”

“The opportunity we now have through technology makes this

process so exciting,” he continues. “We now have more access to Ross’ original drawings, Google Earth data (past and present), CAD drawings, and, maybe most importantly, Lidar maps.”

The new short course, Doon Brae (Doon means going down into a valley, and Brae means steep bank or hillside in Scottish), will open in the spring of 2025. It was built on the former Cuff Links nine-hole par-3 course site, which is set along the hillside and doubles as a ski slope during winter.

Although the course is routed on a ski hill, Hearn focused on minimizing walking uphill. It measures 993 yards from the back tees and 678 yards from the forward tees. It features a variety of fun yardages with downhill, flat, uphill, and sidehill lies, generally moving horizontally back and forth across the slope. Holes range from 57 to 150 yards, and there are design features you might see on Scottish courses, including a Biarritz green (a large

two-tiered green with a valley in the middle). A large Himalayan-style putting green will complement the short course.

“As far as I know, this is the first modern golf course ever built on a ski hill,” said Friedrich. “What excites me most is how beautiful and different it is. There are five stacked wall bunkers, and the greens are inspired by some great ones overseas. There’s a lot of excitement about short courses. We want to keep people excited about golf and wanting to play. If playing 18 or 36 holes is not enough on any day, this gives golfers another option.”

The Moor Course at The Highlands is very player-friendly and is widely regarded as one of the members’ favorite tracks. It has also undergone renovations, including widening fairways, expanding collection areas around the greens, and tree removal. The Arthur Hills Course takes golfers through a variety of landscapes, including the hills of Northern Michigan. It reaches a

The Monument #18

pinnacle on the 13th tee with a 350-foot drop from tee to green, overlooking 4,000 acres without a building in sight.

BOYNE Golf's flagship property

Located across Little Traverse Bay and along the shores of Lake Michigan, west of Petoskey, is the nationally esteemed Inn at Bay Harbor and Bay Harbor Golf Club. Situated on the site of an old limestone quarry and a cement factory, Bay Harbor Golf Club is an Art Hills design that includes the award-winning 27 holes of Links, Quarry, and Preserve courses. It features a unique combination of open links along the Lake Michigan bluffs, holes flowing in and out of a rock quarry, and through the area's hardwoods. Within five minutes and perched on a bluff overlooking Little Traverse Bay lies Boyne's Crooked Tree Golf Club. The course, recently renovated, is carved through stands of century-old hardwoods offering scenic views of Little Traverse Bay and Lake Michigan.

Boyne Mountain is a great golf choice

The third BOYNE Golf property, the Alps-inspired Boyne Mountain, is 30 minutes south of The Highlands. The Mountain features a variety of lodging options, including the Mountain Grand Lodge, condos, and the newly renovated Chalet Edelweiss, located right on the hillside. Chalet Edelweiss offers several perks to guests, including a 24-hour self-serving spa with a steam room, sauna, and cold plunge.

The two fantastic 18-hole layouts—The Monument and The Alpine courses—offer outstanding mountainside golf and some of the state's most spectacular panoramas. The variety of golf here is refreshing, and the scenery is amazing, overlooking beautiful Deer Lake.

In addition to Boyne's three resorts, the region's Norman Rock-

Donald Ross Memorial #16

well-like lakeside resort towns of Petoskey, Harbor Springs, Charlevoix, Boyne City and Traverse City have long been summertime playgrounds for those in the know – attracting people from all over the world, including golfers. It's no wonder, as the area offers outstanding golf and is the perfect buddy trip or family destination.

And it's getting easier and easier to get to Boyne, with nonstop flights from 22 U.S. cities now offering service to Traverse City's Cherry Capital Airport, short connections through Chicago or Detroit to Pellston Airport in Emmet County, or private service directly into Boyne Mountain's Airport with a 5200' runway that recently underwent a four-million-dollar upgrade. The destination remains easily accessible by car throughout the Midwest.

Magical Nemaquin Since 1987

Still Reimagining

BY ALICE & DANNY SCOTT

The Destination

Rolling hills and hardwood forests grace the Laurel Highlands in the Allegheny Mountains of Farmington, Pennsylvania. Rivers and streams, stocked to the gills run through, as autumn's early arrival paints the trees like a bowl of fruit loops.

The Venue

Nemaquin is a four-season luxury playground delivering "Real Life Magic." Owner and CEO, Maggie Hardy is the magician. Her whimsical art collection and eclectic décor elates the senses throughout the structures and landscapes. Her dad, Joseph Hardy originally bought the property for her to fish and together they grew the

resort. He passed on his 100th birthday in 2023 and was interred onsite beneath a pyramid, with a lovely tribute in the Reflections building while Maggie and her son PJ Magerko Liquorice carry on his legacy, continually reimagining the 2,200-acre resort.

The revitalized Grand Lodge reopened in late 2023, even grander. The elegant Circle Bar serves mocktails and cocktails by the Fawn and Fable restaurant which delivers a story book dining experience. Down the hall, the new Nightcap is "silly, swanky, and sexy" with a jazz band and cabaret performers.

The Chateau, inspired by the Ritz Paris with crystal chandeliers illuminating each guest room, reopened in May 2024 with more glitzy enhancements. The Cigar Bar

showcases a \$5k stogie and upscale shops mingle with fantastical floral arrangements and fine artwork.

The Frank Lloyd Wright inspired Falling Rock, is a boutique hotel, conveniently housing the golf pro shop and luxurious locker rooms. Pampered guests have exclusive access to the heated infinity pool overlooking Mystic Rock.

"The Butler Can Do It" at each of these hotels and by request at the estates or two-bedroom townhomes with wildlife views. Dial the Indulgence Desk and let them unpack or steam press. They deliver a good night's sleep with your selection from a pillow menu after a harmonious bath in your deep luxe tub filled with a concoction from the bath menu.

Culinary menus in more than 18

DESTINATIONS

NEMACOLIN

restaurants offer tantalizing dishes freshly prepared. From seafood towers to crazy desserts, it is flavorful gourmet all the way, presented with an artistic flair.

The Woodlands Spa and Salon delivers dreamy treatments with a coed indoor pool and fireside lounge as well as separate men's and women's steam, sauna and whirlpools. East meets west with Dr. Lin leading an integrative wellness charge at the Holistic Healing Center. Modalities include acupuncture, infrared light or cryotherapy and a saltwater float session enclosed in what feels like a space capsule for physical and mental tension elimination. Sports Courts, Fitness Centers and Golf, round out the healthy circuit.

The Golf

Pete Dye designed two rocks for the ages. Mystic Rock is a former host to the PGA tour with commemorative statues. John Daly poses by the fifth green below a massive waterfall and above the falls on the 16th tee, stands the mighty Chief Nemacolin, the resort's namesake and friend

of George Washington.

In 2017, Dye teamed with Tim Liddy on Shepherd's Rock to honor Maggie's dad for serving as her shepherd. It has trickier holes with multiple fairway options and more serious bunkering. Maggie's home, modeled after her doll house with a modern addition is perched above. A sculptured flock of ewes and rams adorn the course, culminating with the hippo hole, an artistic nod to safaris. The hippo noses out of the water below 18's greenside waterfall.

Both courses flow beautifully with the natural contours of the highlands, and the golf staff is ever ready with bags, carts, caddies, and a world class Golf Academy. The golf boot camp or biomechanics assessment might yield magical increased distance or accuracy. Families love the Fallingbrook mini golf.

And More

Pursue adult pleasures or find your inner child. Kiss the casino dice or learn to make pasta and rice in a cooking class. Shoot or fish at Nemacolin's Rod and Range Club

where we caught a rainbow trout, Maggie style. Nemacolin draws out your playful spirit. Hop on the carousel or a real horse. Walk the wildlife trail with lions, tigers and bears, oh my. Venture to The Peak with gigantic screens, a lazy river, ropes course, jeep off roading and a zillion other activities. Visit the Woodlands Auto Toy Store and Airplane Hangar on e-bikes or on prompt shuttles transporting to all locales.

Our Takeaway

There is something for everyone with a perpetual gallery of unique art and textural surprises. Opulence merges with comfort, whimsy, and stellar service. Golf doesn't get any better than here. We yearn for more of Nemacolin.

The Journey

It's inconsequential whether you drive over the rivers and through the woods or if you fly to Pittsburg and shuttle 1.5 hours in. It's how you journey during your stay that counts. Count on every minute to be magical.

LOS CABOS

LUXURY GOLF TRAVEL

There are only a handful of international golf destinations in the world that the PGA Tour has chosen to host events at each year. In 2023 the Tour came to Los Cabos to host the World Wide Technology Championship for five years. Los Cabos' commitment to excellence, hospitality, amazing resorts, and 18 great new golf courses (12 recognized as the "Best in Mexico" by Golf Digest) may just be the newest hotbed of world luxury golf travel.

To say that Los Cabos has arrived on the international golf scene is very much understated, Los Cabos has become a global destination for luxury golf vacations. It is very rare for a golf tourism destination to climb to the ranks as one of the very best in the world, Los Cabos is the exception. Los Cabos has been the top golf travel destination for some time now in Latin America, over the last 10 years this world-class luxury golf destination has taken a world stage in international golf travel. The ultimate accolade on golf's world stage was in 2023 when the PGA Tour chose Los Cabos as the new home for the next five years of The World Technology Championship at Tiger Woods' first golf design, El Cardonal, at Diamante Cabo.

The destination has become one of the most popular luxury golf destinations in North America and throughout the world. Where the Pacific Ocean meets the Sea of Cortés, bliss exists in the form of fresh mangoes and slow sunsets, unparalleled luxury golf resorts set in a subtropical paradise with 350 days of sunshine a year. If your idea of golf heaven is a diverse array of

Award-Winning Culinary Delights Abound in Los Cabos

Los Cabos is well known for its incredible food and nightlife, and the restaurant scene leads Latin America for its diversity, creativity, and epic chefs, who are constantly creating new imaginative delicacies. This incredible spot at the end of the Baja California Peninsula has become a favorite destination not only for its beautiful beaches and lively nightlife, but also for its culinary scene. In 2024 Los Cabos earned new acclaim in Michelin's inaugural Mexico guide, with 18 restaurants across the destination recognized for their quality gastronomic offerings not only for fine dining, but also for sustainable and affordable restaurants. The food scene in Los Cabos is all about fresh seafood and locally grown ingredients, which is why it's become a top destination for food lovers.

"We are honored to have so many deserving restaurants in Los Cabos recognized in the first MICHELIN Guide Mexico," said Rodrigo Esponda, Managing Director of the Los Cabos Tourism Board. "Los Cabos' diverse landscape, natural ecosystems and unique location have positioned the destination as the largest producer of organic produce in Mexico. The destination's regenerative farming and sustainable fishing practices allow local restaurants and chefs to provide fresh-caught seafood that is locally sourced and organic produce that inspires renowned

chefs to turn gastronomy into a creative art and exceptional experience."

A Haven For Golf Enthusiasts

Nearly nine years ago Tiger Woods celebrated his first golf course design, El Cardonal at Diamante, a private resort oasis in Los Cabos. Los Cabos is home to the PGA Tour Worldwide Golf Championships and has been recognized as one of the top destinations for golf enthusiasts, boasting two courses that have been ranked among the world's best by Golf Digest magazine in its 2024-2025 edition.

The destination also has multiple mentions on Golfweek’s list of “Top 50 courses in Mexico, Caribbean, Atlantic islands and Central America.” Topping off this year’s list at number four was The Dunes Course at Diamante Cabo San Lucas, designed by Davis Love III. The 18-hole course sits among some of the most dramatic sand dunes in the world and is designed so that you’re playing toward the ocean, along the ocean, or away from the ocean.

Adding to the 18 world-class golf resorts in Los Cabos is the recently opened Park Hyatt, and the St Regis Los Cabos Quivira, with a Jack Nicklaus signature golf course, is slated to open in 2025. The newly planned Ernie Els course at Oleada, The Legacy Club at Diamante by Tiger Woods, and David McLay’s Baja Bay Club East Cape round out the destination’s growing golf portfolio, which is approaching 22 courses in total. The Oleada property sits directly between Diamante and the newer Solmar Golf Links at Grand Solmar Pacific Dunes, with its Greg Norman-designed course.

Los Cabos now offers a diverse array of options, ranging from public and resort public to semi-private and private courses. It has become a benchmark for playing award-winning designs by prolific architects such as Jack Nicklaus’ Quivira, Cabo del Sol Cove Club, Puerto Los Cabos II, Campestre San Jose, Palmilla, El Dorado, to Tom Fazio’s Querencia, Tiger Woods’ Diamante Cardonal, Davis Love’s Diamante Dunes, Greg Norman’s Sol-

mar Golf Links, Puerto Los Cabos I, Fred Couples’ Twin Dolphin, Robert Trent Jones’ Cabo Real, and Tom Weiskopf’s Cabo del Sol, among a few others.

Scattered across a scenic 20-mile corridor connecting the touristy Cabo San Lucas to the cultural town center of San José del Cabo in the east, nearly 288,000 people call this cape of Los Cabos, Mexico home. Known for its luxury hospitality, exuberant nightlife, and diverse culinary delights, Los Cabos exceeds expectations. Los Cabos boasts a mountain-desert-ocean environment unique in the western hemisphere. It is truly an incredible golf destination that continues to add new courses, new resorts, and unlimited activities and amenities. Los Cabos, located at the tip of the 1,000-mile-long Baja California Peninsula, is one of the world’s most diverse tourism destinations. Boasting a dramatic desert backdrop nestled between the Sierra de la Laguna Mountain range and coastlines of the Pacific Ocean and Sea of Cortez, Los Cabos is home to award-winning resorts, dynamic wellness experiences, and exquisite culinary offerings often regarded by many as some of the finest tourism offerings available anywhere. A growing list of championship golf courses, rejuvenating spas, and world-renowned sport fishing tournaments add to the destination’s unmatched appeal.

Top Golf Travel Picks 2025

BY DAVID DESMITH

Costa Navarino

WHEN THE WORLD REOPENED after Covid-19, tee sheets at top courses filled up fast. Demand has outstripped supply ever since, especially in bucket-list destinations like Scotland and Ireland, where they're now taking bookings for well into 2026. But it's a big planet, and golf has become hotter everywhere in the wake of the pandemic. So if you haven't already made plans for your 2025 golf getaway, you've got a lot of great choices—including some that you may not have considered before. Here are six recommendations for your next big golf trip. All of them offer outstanding golf, each with its own unique climate, culture, character, and vibe.

Costa Navarino, Greece

Greece may not be the first place that comes to mind for golf. But Costa Navarino is a full-fledged destination that's become one of continental Europe's preferred golf getaway spots. Situated on the southwest coast near

Kalamata, Costa Navarino is a world unto itself—one where visitors can explore the natural beauty, history, and tradition of the region. Guests can choose from four five-star hotels, each with a different architectural style, and each with its own dazzling array of shops, restaurants, swimming pools, and beaches.

You'll have four very different golf courses to choose from, too—top-quality courses that earned Costa Navarino the title of "Best Emerging Golf Destination" at the 2020 World Golf Awards. The resort's Dunes Course takes its name from the tall dunes that separate it from a Blue Flag beach. It treks over low hills and through olive groves, offers spectacular sea and river views, and serves up all the challenge you could want—along with the same excellent playing conditions you'll find at all the Costa Navarino courses. The International Olympic Academy Course and the Hills Course sit on higher ground and offer panoramic views of historic Navarino Bay

and the Ionian Sea beyond. Both feature broad, sweeping fairways, penal red-sand bunkers, and imaginative putting surfaces. The Bay Course is the easiest of Costa Navarino's four, but it's no pushover. And the views it commands may make it hard to keep your mind on your swings.

After golf, you'll want to visit one of the property's two agoras—lively, communal marketplaces where you can sip a craft cocktail, dine on fabulous Greek specialties, shop, or even take in an open-air movie. They're walkable from any of the hotels, as are the property's amazing spas, and they give you the feeling that you're in an authentic Mediterranean village.

England's Sand Belt

English golf courses often take a back seat to their Irish and Scottish neighbors in the eyes of club-toting Americans. And that's a shame. Along with its long list of stellar

DESTINATIONS

2025 GOLF TRAVEL

parkland courses and Open-erota links gems, England offers world-class heathland golf. Like links golf, heathland golf features firm, fast fairways, deep bunkers, and vexing greens. But trees come into play, too. And any fairways not lined by trees are bordered by gnarly, purple heather from which escaping unscathed can require a magician's trick. Many of the sand belt's top courses are private, but quite a few do welcome visitors. Among your best choices are the Old and New Courses at Sunningdale—World Top 100 designs both. The historic Old Course at Walton Heath is another World Top 100 titleholder. Site of the 2023 Women's Open Championship, it's a Golden-Age standout that stretches to over 7,400 yards and has one of the tougher

opening stretches in golf. From the mortals' tees, It's endlessly fun to play.

Another sand belt members' club that welcomes visitors is The Berkshire, where the club's two courses snake their way through corridors of heather and pines and traipse over hill and dale to well-guarded greens with endless movement to them. The Red Course is made up of six par threes, six par fours, and six par fives—so lots of birdie opportunities. The area is also the home of the Wentworth Club, with its three iconic parkland courses. It's completely private, with a membership that includes Rory McIlroy and Premier League footballers. If you can wrangle an invite, don't say no.

The place to stay is Pennyhill Park Hotel & Spa, a 120-acre enclave that treats

guests like royalty. Its 124 uber-comfy rooms are all different, with luxurious amenities and baths. The 45,000-square-foot spa is state-of-the-art, with 23 treatment rooms, thermal and sensory experiences, swimming, and much more. And the dining—well, if the creative and sumptuous cuisine they dream up at Michelin-starred Latymer isn't amazing enough, there are two other restaurants, along with relaxing bars, terraces and lounges. Prepare to be wowed.

to fresh water. The golf is superb, too. Home of the world-famous Teeth of the Dog course, Casa de Campo is a mega resort with luxury accommodations (including their exclusive new Premier Club suites), eight different dining experiences, a brand-new spa with a perfect menu of wellness offerings, a beach club, marina, equestrian and shooting facilities, and its own Mediterranean-style village, Altos de Chavón, which could be a tourist destination all by itself. The Pete Dye-designed Teeth of the Dog course, with seven holes running right along the coral-lined seashore, may be the main draw, but the three nines at the Dye Fore course and the resort's equally challenging Links Course are just as eye-opening. Together, they make for an unforgettable golf escape to an enclave that's without peer in the Caribbean.

On the D.R.'s east coast, more outstanding golf awaits. Start with the 45 holes at the Punta Cana Resort: 27 at the La Cana Course and the championship 18,

Corales, site of the PGA Tour's Corales Punta Cana Championship. Both have multiple, dramatic seaside holes that are Instagram posts waiting to happen. For even more seaside drama, venture 15 miles down the coast to Punta Espada GC, a must-play Jack Nicklaus design where more than half the holes have water views, including the thrilling, dogleg-right 17th, where your tee shot plays over a corner of the Caribbean. The place to stay in the area is the Westin Punta Cana Resort and Spa, with its modern, ocean-view rooms, beach club, cigar bar, and outstanding food and beverage offerings at the Brassa Grill steakhouse and Boa pan-Asian restaurant. It's the kind of resort where you'll want for nothing and wish to come back as soon as you leave.

Sensei Porcupine Creek, Rancho Mirage, California

The Palm Springs area is renowned for its mid-century modern architecture, mountain

vistas, and wide range of outstanding golf courses, including the well-known tracks at PGA West. Recently, a 230-acre private estate in the Coachella Valley section of Rancho Mirage was transformed into an intimate, ultra-luxury, golf and wellness retreat called Sensei Porcupine Creek. The resort offers luxurious casitas, villas, and Estate House accommodation options; an extensive wellness program headlined by skilled fitness, yoga, nutrition, and mindset practitioners; nutrition-focused dining at Sensei by Nobu—and a magical, desert-oasis golf course that's reportedly the most expensive ever built in California. The course is only open to resort guests, but those lucky enough to tee it up there after the course reopens for the season in November will marvel at its design, views, and pristine playing conditions.

18-hole gems at Bermuda's Mid Ocean Club and Port Royal GC. But did you know there's an 18-hole short course in St. George's that's every bit as fun to play? Guests at the laid back but ultra-sophisticated St. Regis Bermuda Resort enjoy access to Five Forts GC, named for the five forts that dot the adjoining landscape. Recently renovated, this hilly, mini-masterpiece is routed through lush fauna and along seaside cliffs that serve up scintillating ocean views. You can play it in three hours (or less), and when you're done, you have the one-of-a-kind sanctuary that is the St. Regis Bermuda to enjoy, with endless creature comforts indoors and a beach club outdoors that's the envy of its Bermuda neighbors.

Tour Edge Launches Exotics 725 Series

Focusing on Forgiveness, the Most Forgiving Exotics Lineup in Company History!

Tour Edge Exotics has been at the very top of the leaderboard with inertia for the past few years already but the new Exotics E725 Driver breaks the 10K combined threshold making it the most forgiving driver Tour Edge has ever made. The Exotics C725 Driver is not far behind for a low-spin, 445 cc head with a combined MOI of around 8700 g-cm², making it one of the most forgiving low-spin models you'll find on the market.

prototypes have proven that Tour Edge has done everything they can to make 725 series a huge hit with golfers of all skill levels!

The Exotics C725 and E725 Series along with the X725 irons are available for pre-order at authorized Tour Edge golf shops around the world beginning October 15th and will be available in-store and for custom fitting starting on November 1st.

This focus on forgiveness even led to the design of the X725, a Super Game Improvement iron-wood with the brand's highest ever MOI.

Learn More and Shop Online at
www.touredge.com

725 started out as tour-only prototypes

One of the important aspects of the 725 was the ability to create Prototypes for the PGA TOUR Champions that would help the design team in making tweaks along the way based on player feedback. Tour Edge had 40 of the 725-driver designs in play on tour as a prototype, making it their most played driver this season and had 90 of the prototype fairways/hybrids in play on the Champions Tour this year by 15 different players. The player's feedback helped lead to a superior weighting system in the 725 including the ease of use of the new weight ports implemented in the 725C for added forgiveness. The C725 fairway has been the buzz of the tour and led to a smaller head shape for the 13-degree head. It also led to the cleaner looking Exotics head design with a beautiful all-carbon crown, as well as more muted sound in the E metals. Being out on the Tour first also led to a cleaner-looking more tour-friendly C725 Iron with more swing weighting adjustability. Bottom line, the players love for the pro-

Shining Rock

Find Your Comfort Zone, On and Off the Course

TEE²TABLE

BY MYLES MURRAY

FROM TEE

Shining Rock Golf Club is an all-encompassing golf experience located in Northbridge, MA. The golf club has a full practice facility, restaurant, par-3 course, and championship-level 18-hole course. You can go to work on your swing at the grass range, practice your short game at the par-3, or take on the challenge of the big course. Then follow it all up with some great food

and cold beverages at the bar and grill.

The grass driving range has two hitting areas to accommodate a large number of golfers. One area is for wedges and irons, and the other is for hitting woods and drivers off of tees. Conveniently located next to the clubhouse is a large putting green and a chipping green with a practice bunker.

The par-3 course called The Acorn, opened in 2024 and is next to the updated driving range. The course has nine challenging holes that range from 45-130 yards. There are bunkers everywhere and a pond on one of the holes. There aren't many trees, so it really challenges your ability to hit the club the right distance.

The biggest test on this short course is

the bent grass greens. Each green has undulations and tricky putts that make it hard to get birdies. Each hole has two flags on the green (white and red) so you can play 18 holes but have different approach shot aim points. It is a great course to practice your short game and play a fast-paced round if you are short on time.

The 18-hole course is called The Rock and is one of the most challenging tracks in the state. The tips play at 6700 yards, but most of those are packed into the par 3s and 5s. The par 3s range from 200-255 yards and there is a monster par 5 measuring 630. These holes will make or break your scorecard, so getting par on any is the goal.

The rest of the course is amazing and

feels more like a New England mountain-side layout you would find up north. There are big elevation changes, rock formations, blind shots, and some tough forced carries off the tees. Combine these with some dense tree lines and thick OB fescue and you have a real gritty golf experience.

The conditions from tee to green are exceptional, and the sand in the bunkers is fluffy soft. The Rock rewards accuracy and proper club selection and has a great variety of hole layouts. The greens have fast-moving slopes, and the fairways have runoffs so you might want to play it more than once before making a judgment about how much you like it.

TO TABLE

After your round or practice session, drop off your clubs and head to the Shining Rock Bar and Grill. The restaurant is connected to the Pro Shop in the clubhouse and has plenty of seating both inside and outside. You can sit inside at the bar or at one of the wooden tables where you can watch golf

and sports on one of the flat screen TVs. Or you can choose to sit out on their spacious, covered patio just outside the wide-open double doors of the restaurant. From here you have a great view of the first tee on your left and the 9th green on your right.

The menu has a variety of options so everyone will find something they love. The appetizers are classics and full of flavor. You can enjoy wings, fries, nachos, pretzels, and even a creative dish of herb roasted garlic parmesan cauliflower. This vegetarian option drips with flavor and comes with toasted sourdough bread to dip it all up. They also have a section on the menu called ‘Meat on a Stick’ and it has three mouthwatering options for skewers to share or to crush by yourself. The soups and salads are hearty enough to be meals or are also a tasty starter to your meal.

The menu wraps up with selections of flatbreads, sandwiches, burgers, or entrées. The blackened swordfish tacos are succulent pieces of fish topped with avocado, mango salsa, and red sauce. The Shining Rock mac

and cheese is loaded with gooey cheese and caramelized onions and topped with toasted breadcrumbs. The handhelds are huge portions and the sides include fries, salad, onion rings, or mac and cheese.

They also have daily specials including cocktails like Blueberry Moscow Mule and a rotating menu of craft beers. The food specials include a butcher’s cut option and a fresh catch of the day. They have a to-go menu with food and drinks that makes it quick and easy to grab something after the turn.

If you want a more relaxed setting, you can go over to the driving range and sit at their outdoor chill zone. They have everything here — Adirondack chairs, corn hole, a fire pit, a beer garden, and even a taco truck. Yes, it’s like sitting in your backyard with friends with the perfect spot to hang after the round.

Golf and Pickleball Venues Partake in Putts and Paddles

They are two accessible and fun sports becoming more intrinsically linked. Golf and pickleball have their differences of course, but recently, we are seeing several facilities throughout the northeast combining these two diverse sports at a single site, and why not?

Both sports attract a wide audience of players, from children to elders. In addition, while both golf and pickleball are not necessarily easy activities. Skill level can be improved with both practice and passion.

Among many premiere spots for golf and pickleball is Owl's Nest Resort in Thornton, NH. The facility features thirteen pickleball courts open to the public from May

through October. In fact, Tennis Resorts Online rated Owl's Nest as the #2 Pickleball Resort in the world. Owl's Nest also offers lessons, clinics, and round robins.

Similarly, Black Rock Country Club in Hingham, MA has also jumped on the pickleball bandwagon. Golfers in New England and beyond all know that Black Rock is one of the most family friendly golf destinations in the region.

The facility has also become a hotbed for tennis with five lighted and wind screened courts. Now, you can add pickleball to this varied menu. Black Rock features three lighted pickleball courts good for winter recreation. Members can also participate in Ladder Play, League Play, and the

MOLORI UNPLUGGED

PICKLEBALL

Black Rock Paddle Championships.

Like Owl's Nest, it is all about providing a comfortable and welcoming atmosphere for pickleball enthusiasts. At the Thornton, NH facility, Owl's Nest offers pickleball clinics, group outings, and tournaments. They even have a Pickleball Tournament Package where participants can stay and play in the White Mountains.

One of the nicer aspects at Black Rock is how they have linked the new popularity of pickleball with the traditional formality of golf. Players are required to wear tennis sneakers, and white or 90% white attire. Proper attire for men include collared shirts or short sleeves with no cutoffs, short shorts, tank tops or bathing suits. I like this structure. Black Rock also offers a warming hut where leagues and teams can gather between pickleball matches.

In Groton, MA, Groton Country Club is another place where golf and pickleball fans can quench their thirsts. Groton has pickleball courts available, but plan ahead because courts must be reserved at least one hour before your desired play time. There is a Court Reserve Profile link on the country club website.

Like Black Rock, pickleball players can play into the fall season at Groton with court times available through the closing date of November 4, 2024. There are weekday and weekend times from morning until evening.

Another prime golf haven now deeply committed to pickleball is Pine Brook Country Club in Weston, MA. This close to Boston spot has both challenged and delighted golfers for 100 years with a tough course in picturesque surroundings.

With indoor and outdoor courts available, Pine Brook's pickleball game is establishing its own tradition. The pickleball programs offer various instructional and play opportunities for adults and juniors of all ages and abilities. As at Black Rock, proper attire and footwear are required.

Several of these pickleball paradises not only offer courts, play times, and fine facilities, but also grow the game of pickleball with lessons to improve play and create new competitors in the game.

At Groton CC, instructor Sue Adams is certified by the Professional Pickleball Registry and the Professional Tennis Registry, and has been coaching since 2017. She is a USA and Royal Pickleball Club Ambassador.

In Hudson, MA golf and pickleball can be found at one of the most popular facilities in New England, Charter Oak Country Club. Four outdoor pickleball courts are available with clinics running throughout the spring, summer, and fall.

So, why have so many traditional golf facilities and country clubs embraced pickleball as an offering to customers? It comes down to the numbers. In January of 2024, USA Pickleball released some amazing figures on the growth of the game.

There are now nearly 12,000 places to play the game in the country, up by 1,000 over 2023. There are also over 50,000 courts with nearly 80,000 member players. USA Pickleball sanctioned 195 tournaments in 2023 including National Championships and National Indoor Championships.

Over the past year, over 1000 new paddles and nearly 100 new pickleballs have been approved, and over \$300 million has been invested in new facilities. The aforementioned regional facilities have recognized and are now riding this wave of popularity.

Charter Oak promotes pickleball as a great way to get low-impact exercise in recreational play with friends and family. And of course, they offer the pickleball version of the 19th hole, a post-game outdoor bar.

As in Groton, pickleball clinics and lessons are provided for players who want to further learn or improve their games. Private and youth lessons are also available throughout the year for those who are new to these sports or more experienced players who want to refine their techniques.

In keeping with decorum, men and boys must wear tennis shorts or pants with polos, crew-collared tennis shirts, or t-shirts with tennis/pickleball themes. Women and girls must wear tennis shorts, skirts, or dresses with tank tops, polos, crew-collared tennis shirts, or tennis/pickleball-themed t-shirts.

Throughout the northeast and along the eastern seaboard, traditional golf facilities, courses, and country clubs are recognizing the demographic similarities in golfers and pickleballers. This fact is changing the often stodgy and stubborn mindsets of many traditional golf venues.

What it comes down to is variety and customer satisfaction. If a facility can inspire their current golfers to get interested in pickleball, it results in more time and money spent at the club, but let's not reduce this to mere economics. The mingling of golf and pickleball is really about staying active, interacting with fellow enthusiasts, and combining time-tested and contemporary passions for two terrific sports.

SELKIRK

Vanguard Control Epic | \$200
www.selkirk.com

The Vanguard Control is the first raw carbon paddle introduced to the Selkirk Sport main line. Building on the success of the SLK Halo, the Vanguard Control is crafted for players who crave unwavering consistency. With a thicker core and raw carbon face, the Vanguard Control gives players a large sweet spot and high spin capabilities.

SELKIRK

Luxe Control Air | \$250
www.selkirk.com

The Luxe Control Air is Selkirk Sport's premium paddle designed for finesse and precision over raw power. The paddle is purposely designed to offer a larger sweet spot for greater control. Former tennis player Jack Sock selected the Luxe Control Air in the Invicta shape as he transitioned into professional pickleball. Each paddle features Sock's signature, and the bold black, white and red colorway makes a statement on the court — reflecting Sock's dynamic personality and competitive spirit.

SELKIRK

Core Line Tour Bag | \$130
www.selkirk.com

The largest and most versatile backpack in the Selkirk Core Bag Line, the Tour Bag is perfect for tournament days or road trips.

Made from Selkirk's durable +V11 Max Polyfiber Performance material, the Core Tour Bag is both lightweight and protective. It has a spacious main compartment, a dedicated place for your paddles, a clip for hanging on the fence, a ventilated shoe compartment that separates them from the rest of your gear, large mesh side pockets, and an insulated thermal food and drink pouch to store snacks.

PICKLEBALL PROSHOP

CRBN PICKLEBALL

CRBN PICKLEBALL

CRBN3 X Series (Hybrid Paddle) | \$230

www.crbnpickleball.com

This performance pickleball paddle is crafted with the same durable, gritty carbon fiber face that you can expect from CRBN, with additional and unmatched power and pop. The 3X is a Hybrid Shape, creating the perfect all-around paddle for players who appreciate a long handle, and a large paddle face with great control. No expense was spared making this the best power-focused carbon fiber paddle on the market. The perfect balance of durability, touch, and power allow you to be even more aggressive on the courts. This paddle is great for experienced players ready to take their game to the next level.

CRBN PICKLEBALL CRBN2 Classic Series | \$180 www.crbnpickleball.com

The CRBN² Pickleball Paddle features the same T700 carbon fiber face as the CRBN¹ with a honeycomb polypropylene core. Carbon fiber is the optimal choice of material for paddles. Not only does it produce insane amounts of spin, but it also provides a massive sweet spot and consistency through industry-leading compression rates, with the perfect balance of power and control. The CRBN² weighs an average of 7.8-8.1 ounces to give you the stability you need at the net for blocking and returning hard-hit balls. The CRBN² has a shorter handle, and the face is shorter and wider than the CRBN¹, thus extending the sweet spot out wider, rather than longer as in the model 1.

CRBN PICKLEBALL

Tour Bag 2.0 | \$140

www.crbnpickleball.com

The Pro Team Tour Bag 2.0 is the ultimate companion for serious players, designed to hold up to 6 paddles and all your essential gear. It features two padded, thermal-lined side pockets for paddles, a vented shoe compartment, a top thermal-lined pocket that doubles as a cooler, and a large central pouch. Additional perks include an underneath compartment for dirty clothes, built-in fence hooks, and a new zip-off sling bag. Comfort is ensured with ergonomic shoulder straps that convert to a duffle carry, while a weatherproof carbon fiber outer shell keeps your gear safe and dry.

FALL AT THE OWL'S NEST RESORT

NEW ENGLAND'S FOUR-SEASON RESORT

There are few places anywhere in the Northeast that offer the extensive four-season activities and amenities as the Owl's Nest Resort in Thornton, New Hampshire. It has truly become one of New England's favorite resorts for travelers who want to literally have it all in one convenient location in the heart of the White Mountains National Forest.

Fall Season at The Owl's Nest

Fall at the Owl's Nest is simply spectacular as the White Mountains explode with rich fall color from late September through early November. Fall golf on our championship Nicklaus course is perfect, with cooler temperatures and pristine conditions. But if you're looking for something besides golf, The Owl's Nest offers guest a host of activities including, hiking, a great spa, great restaurants, sports bars with 2 aboutGOLF indoor golf simulators. The racquet complex is one of the largest in the Northeast, with 13 pickleball courts, 8 red clay tennis courts, and 4 platform tennis courts offering camps, clinics, and lessons for all sports instructed by our on-site professionals. Leagues, tournaments, and mixers are also available throughout the year. Fall pickleball team tournaments begin Nov 1, 2024, for 6 consecutive weeks to early December.

New Updates on Resort Expansion Plan

Owl's Nest Resort, New England's newest four-season resort and home to New Hampshire's only Nicklaus Design golf course

and award-winning racquet sports facility, is proud to announce the opening of 3 new business establishments this summer. Slice Pizzeria & Sports Bar, located next to the resort's award-winning Panorama Six82 Restaurant, is a 4,000 square foot Italian wood-fired pizzeria with a full menu for dine in or on-the-go patrons. It features 10 big screen TV's, 2 aboutGOLF simulators, a huge center bar and expansive deck overlooking the 10th and 18th greens. Butch's Brooklyn Deli & Provisions is the resort's one-stop shop for gourmet deli sandwiches, local coffee and various culinary offerings. It will also offer household and dining needs for visitors, resort guests and homeowners. The Sports-Nest, currently the golf pro shop, as been expanded to hold the new WellNest Spa & Rejuvenation Center and a new racquet pro shop with a viewing deck overlooking the championship pickleball courts. The spa will provide space for relaxation and replenishment, with IV therapies, state of the art acoustic sound wave therapy and luxurious massages and facials.

In addition, the newly branded Owl's Nest Vineyard Course (formerly White Mountain Country Club) is currently undergoing a course redesign under the supervision of Robert McNeil and Northeast Golf Company. The Vineyard Course will also have a 10-acre vineyard, a new restaurant, function facilities, and new townhomes are also planned at the property. Also underway is The Hoot, a new 9-hole championship course. There will be 45 holes for golf enthusiasts at the resort when completed, the

most at any resort in New England.

“We are delighted to be adding the spa, new racquet headquarters and these new dining establishments to our resort, says Brad McCoil, the resorts General Manager. “They will play an integral part in our vision of creating a true New England playground. These two dining options are the perfect complement to our already robust food offerings and the spa will help define us as a four-star resort. Now both guests and homeowners can enjoy all our recreational offerings without ever having to leave the resort.”

Four Season Fun and Resort Amenities

The Owl’s Nest is truly a full four-season resort so there is never an offseason here at the Nest. The Owl’s Nest is home to 25 racquet courts including 8 clay tennis courts, 13 pickleball courts, and 4 radiant heated platform tennis courts. The resort’s Lake Harold is the largest man-made recreational lake in New Hampshire. Fishing, boating, swimming, paddleboarding, and other watersports are all offered at the facility. In addition, the resort has added a new Olympic-sized pool and Jacuzzi complex adjacent to the newly completed Boathouse. It currently features an outdoor swimming pool and jacuzzi, boat rentals, indoor and outdoor showers, radiated heat decks, locker room facilities, and beach access, with Hook featuring waterfront food & cocktails. The resort’s main restaurant, Panorama Six82, is open daily from

4pm to 9pm, Slice Pizzeria & Sports Bar with games and golf simulators, and Butch’s Brooklyn Deli & Provisions for snacks, supplies, and lighter fare. If you have gone electric with your ride, there are 10 Tesla superchargers at the resort for quick charging.

The Owl’s Nest Living Community

The Owl’s Nest master plan organizes the homes around communal outdoor spaces all connected by multi-use trails. At Waterscapes each home is nestled perfectly throughout the resort, giving you spectacular views of the White Mountains. The proximity of the Owl’s Nest gives you full access to all the White Mountain’s major attractions and tourist areas while living in a quiet private resort community. These new mountain homes offer open floor plans, light-filled homes, designed with luxury features, and modern conveniences for perfect four-season mountain living. www.waterscapesnh.com

The Owl’s Nest Resort is in New Hampshire’s White Mountains, less than two hours north of Boston and one hour from Manchester-Boston Regional Airport. The Nest is situated on 600+ acres with spectacular panoramic mountain and forest views.
